

SCHEDA TECNICA PRODOTTO  
DATASHEET

ARTICOLO: LED Gargano RGB

CODICE: 24293

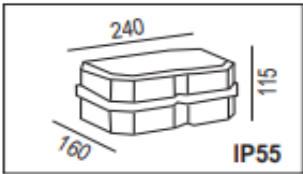

Caratteristiche meccaniche/Mechanical features:

|                           |                                 |
|---------------------------|---------------------------------|
| Corpo/Body:               | Alluminio/ Aluminium            |
| Colore/Colour:            | Nero/ Black                     |
| Dissipatore/Heatsink:     | Alluminio/ Aluminium            |
| Schermo/Screen:           | Vetro temperato/ Tempered Glass |
| Viteria/Screws:           | Inox AISI 304                   |
| Dissipazione/Dissipation: | Statica/ Static                 |
| Peso/Weight:              | 0,80Kg                          |

Caratteristiche elettriche/Electrical features:

|                                               |                       |
|-----------------------------------------------|-----------------------|
| Alimentazione/Input Voltage (V):              | 220/240V a.c. 50/60Hz |
| Potenza/Power (W):                            | 9W                    |
| Rischio fotobiologico / Photobiological risk: | RG0                   |

Cassetta stagna per  
LED Gargano RGB  
inclusa  
LED Gargano RGB  
Watertight box  
included

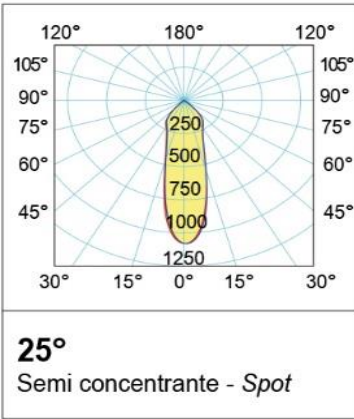

Caratteristiche illuminotecniche/Photometric features:

|                                     |         |
|-------------------------------------|---------|
| Tipo di LED/LED Type:               | LED SMD |
| Flusso luminoso/Luminous flux (lm): | 200lm   |
| CCT:                                | RGB     |

|                                    |     |
|------------------------------------|-----|
| Ottica secondaria/Secondary optic: | 25° |
|------------------------------------|-----|

|                         |                                                                                                                                                                                                                                                                                                |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Accessori/Accessories : | Cod.24135 - Cassaforma per installazione a pavimento/Framework for floor installation<br>Cod.24137 - Frangiluce / Louver<br>Cod.24139 - Frangiluce / Louver<br>Cod.24165 - Picchetto in alluminio / Aluminium spike<br>Cod.24164 - Staffa di supporto in alluminio / Aluminium support bracket |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Conforme alle seguenti norme/The following standards:

|                                                               |                         |                       |
|---------------------------------------------------------------|-------------------------|-----------------------|
| Sicurezza/Safety:                                             | Generale/General:       | EN-60598-1            |
|                                                               | Particolari/Particular: | EN-60598-2-1          |
|                                                               | Moduli LED/LED Modules: | EN-62031+A1           |
| Sicurezza fotobiologica/Photobiological safety:               |                         | EN 62471(Risk exempt) |
| Esposizione umana ai campi elettromagnetici:                  |                         | EN-62493              |
| Human Exposure to Electromagnetic Fields:                     |                         |                       |
| Immunità EMC/EMC Immunity:                                    |                         | EN-61547              |
| Compatibilità elettromagnetica/electromagnetic compatibility: |                         | EN-61000-3-3          |
| Limiti di emissioni armoniche/Limits of harmonic emissions:   |                         | EN-61000-3-2          |
