

Plafoniere

Ceiling luminaires

Plafoniere a soffitto e/o parete con schermo antivandalo, resistente ai raggi UV e agli agenti atmosferici.

Per l'illuminazione di corridoi, terrazzi e porticati.

Corpo: base in alluminio o materiale termoplastico

Portalamпада: in ceramica

Schermo: in policarbonato o vetro

Cablaggio: tramite morsetti interna

Provviste di lamella riflettente cromata

Per applicazione con canalina esterna vedi Pag. 129

Durable tamperproof and watherproof ceiling and wall lights.

Ideal for lighting corridors, terraces, porches, paths and damp environments in general.

Body: aluminium or thermoplastics

Lamp holder: ceramic

Shield: polycarbonate or glass

Wiring: via internal terminal block

For application via external conduit see Page 129
